

THC RECRUITMENT LTD

Environmental Policy

We always look at ways to manage the environmental impact of our activities. This includes evaluating our internal processes, maximizing recycling of waste paper, consumables and IT Equipment, minimising our energy use, carefully evaluating transport methods when visiting clients and candidates and ensuring we select and manage our suppliers effectively.

Our office space of 800 square meters does not generate massive emissions however we are mindful have on the ways we can reduce waste and carbon emissions and are committed to reducing our impact upon the environment through new and on-going initiatives. And as individuals we are duty-bound to do what we can to protect the environment.

Waste Generation

In order to reduce waste generation, we promote recycling and environmentally conscious waste disposal. This applies to paper, glass, plastic, aluminium cans, print cartridges, mobile telephones, computers and other IT equipment.

Paper free environment

We are working towards a paperless environment thanks to our clients, candidates and suppliers embracing online and electronic formats for business communications. We utilise electronic letterheads and business templates (for invoices, terms of business, interview confirmations, CVs) reducing paper usage and printing requirements.

Energy use Reduction and Greenhouse Emissions

We promote the efficient use of energy to reduce greenhouse gas emissions by evaluating our energy usage in the office and where possible, investing in energy efficient appliances, heating and lighting. We ensure all lights, computers; heating, cooling and other appliances are switched off when not in use.
